OxyKIC activates the power of oxygen with a spot cleaner to give amazing results - from only**£9.95** + £3.95 p&p

So you think you may have carpet spots and stains that are simply impossible to remove? New to the U.K. the new revolutionary **BISSELL OxyKIC** will enable you to remove deep stains permanently with the minimum of fuss - we guarantee it.

If you're not amazed at the stain removing performance of the easy to use OxyKIC Aerosol we will give you your money back.

**How OxyKic goes to work on stains!**

The magic of OxyKIC is that it is dual chambered. One chamber contains several cleaning agents which remove oil based spots and stains. The other chamber contains a colour safe oxygen activator to work on dye-type spots and stains. With a press of the trigger the two combine and instantly begin to remove the toughest of stains all the way to the carpet backing.

Try it on your carpets!

Simply press the trigger and spray the stain. Let OxyKIC settle into the stain for 3-5 minutes. Then blot the spot with a clean dry cloth for unbelievable results.

There's no need to scrub. It is safe for use on stain-resistant carpets.
